

CONSULTATION QUESTIONS

**Do you agree that 2011 Data Zones should use the median methodology?
Please see page 13 for further information.**

Yes No

Comments

Are you content with the proposed 2011 Data Zones?

Please provide as a minimum for each relevant Data Zone; the Data Zone code together with an explanation of its design limitations and the statistical benefits that would result from altering its boundary. Any accompanying maps and future supporting details would also be useful.

Yes No
