E-cigarettes – use in enclosed public spaces

17. Do you believe that the Scottish Government should take action on the use of e-cigarettes in enclosed public spaces?

Yes ☒ No ☐

18. If you answered 'yes' to Question 17, what action do you think the Scottish Government should take and what are your reasons for this?

I had the pleasure of travelling on a Cal Mac ferry from Stornoway to Ullapool on a rough crossing, where around 6 people were chuffing on these e- cigarettes things and the vapour/smoke that was expelled filled up the lounge in seconds, the smell was revolting and it really did get up my nose and I felt pain in my nose. I think that the Scottish Government should treat e cigarettes as they do any other cigarettes, ban and fines.

19. If you answered, 'no' to Question 17, please give reasons for your answer.

As a party to the World Health Organization's Framework Convention on Tobacco Control (FCTC), Scotland has an obligation to protect the development of public health policy from the vested interests of the tobacco industry. To meet this obligation, we ask all respondents to disclose whether they have any direct or indirect links to, or receive funding from, the tobacco industry. We will still carefully consider all consultation responses from the tobacco industry and from those with links to the tobacco industry and include them in the published summary of consultation responses.

None what so ever.
