## **Local Government Finance Circular No. 2/2019**

Chief Executives and Directors of Finance of  
Scottish Local Authorities

Chief Executive, Convention of Scottish Local  
Authorities (COSLA)

Our ref: A23379521  
7 March 2019

Dear Chief Executive/Director of Finance

- 1. LOCAL GOVERNMENT FINANCE (SCOTLAND) ORDER 2019 - SETTLEMENT FOR 2019-20 AND REDETERMINATIONS FOR 2018-19**
- 2. LOCAL GOVERNMENT CAPITAL ALLOCATIONS 2018-20**
- 3. NON-DOMESTIC RATES FOR 2019-20**

1. The Scottish Parliament today debated and approved the Local Government Finance (Scotland) Order 2019. This Order provides the statutory authority to pay the General Revenue Grant (GRG) for 2019-20 and the changes made to amounts payable to each authority for 2018-19 since the 2018 Order.

2. This Circular provides a summary of the 2019-20 figures (and the revised revenue allocations for 2018-19) which have been updated from those contained in Local Government Finance Circular No. 8/2018.

3. The Cabinet Secretary for Finance, Economy and Fair Work wrote to all 32 local authorities on 12 December and 31 January providing details of the proposed settlement, including additional resources and flexibility following Stage 1 of the Budget Bill. The Scottish Government requires local authorities to deliver on the full package of agreed measures as set out in the offer letters, including the shared priorities which will improve outcomes for local people.

4. The total overall funding package for 2019-20 includes:

- An additional £90 million of General Revenue Grant added at Stage 1 of the Budget Bill;
- The flexibility to increase the Council Tax by 3% in real terms which equates to 4.79% next year;
- Baselineing from 2019-20 of the full £170 million additional revenue investment announced at Stage 1 of the Budget Bill for 2018-19;
- An additional £210 million revenue and £25 million capital to support the expansion in funded Early Learning and Childcare (ELC) entitlement to 1,140 hours by 2020;
- In addition to the £66 million baseline provision from 2018-19, a further £29.5 million is included to support expansion of Free Personal and Nursing Care for under 65s, as set out in the Programme for Government, and £10.5 million for the implementation of the Carers Act;

- £120 million for additional investment in integration, including delivery of the Living Wage and uprating free personal care, and includes £12 million for school counselling services (see Cabinet Secretary's letter of 31 January regarding increased flexibility);
- The ongoing additional £88 million to maintain the pupil teacher ratio nationally and secure places for all probationers who require one under the teacher induction scheme;
- An allocation of £3.3 million for Barclay Review implementation costs;
- Repayment in full of the reprofiled £150 million capital funding; and
- A new £50 million Town Centre Fund to enable local authorities to stimulate and support place-based economic improvements and inclusive growth through a wide range of investments which contribute to the regeneration and sustainability of town centres.

5. It should be noted that the distributable General Revenue Grant figures contained in this Circular differ from the amount approved in the Order by a total of £35.498 million, the distribution of which was agreed with COSLA after the Order was laid. The breakdown of the £35.498 million is as follows; Free Personal Care for the under 65s (£29.5 million); 1+2 Languages (£3 million); Scottish Assessors Association Barclay Implementation (£2.498 million); and the increase in the Carers Act extension (£0.5 million). These sums will be subject to a future Parliamentary approval. In addition, following the outcome of negotiations with teachers, further funding will be provided in 2019-20 to meet the Scottish Government's share of the costs for the Teacher's Pay Award.

6. Local authorities (and other public bodies) will face increased costs as a result of changes made by the UK Government to employer contributions for public sector pensions, including for Teacher pensions. The UK Government has committed to part fund these costs.

7. We will not have formal confirmation of the impact of these changes to the Scottish Budget until the UK Spring Statement on 13 March 2019. Whatever decision the UK Government eventually takes, the Scottish Government will commit to pass on to local government the full consequentials that we receive towards the employers' cost increase for local government Teachers' Pension schemes.

8. Alongside the funding set out in this Circular it should be noted that there are a number of further funding streams out-with the local government finance settlement for particular policy initiatives which benefit local government services. Table 6.15 in the Scottish Government's "Budget Document: 2019-20", which was published on 12 December, provides further details of these funding streams.

## **Part A: Local Government Finance Settlement - Revenue: 2019-20 and changes in 2018-19**

11. This Finance Circular sets out the distribution of revenue funding allocations for 2019-20 and 2018-19. **Annex A** of this Circular sets out the all-Scotland aggregate totals for 2018-20.

12. **Annexes B and C** set out the distribution of the total revenue funding allocation between councils and the allocation of the different elements (General Revenue Funding, Non-Domestic Rate Income and estimated Ring-Fenced Revenue Grants) for each council for 2019-20 and 2018-19. The basis behind the grant distribution methodology is as recommended in the report from the Settlement and Distribution Group (SDG) and as agreed by COSLA Leaders and Scottish Ministers. The explanatory notes contained in **Annex D** explain the basis behind the calculation of the individual council grant allocations.

13. **Annex E** gives a breakdown of additional distributable revenue allocations for 2019-20 since Finance Circular 8/2018, this includes the distribution of £2.498 million for Barclay implementation costs in respect of the additional costs that will fall to be met by the Scottish Assessors Association (SAA). Following agreement of the distribution of the SAA funding by COSLA Leaders at their meeting on 22 February, the Scottish Government expects constituent local authorities to pass on these amounts in full to the relevant Assessor and/or Valuation Joint Board. The remaining undistributed sum for Barclay implementation costs will be subject to further discussion with COSLA.

14. **Annex F** gives a breakdown of the individual council shares of all the estimated Ring-Fenced revenue grant allocations for 2019-20.

15. The calculation and effects of the main floor adjustment for 2019-20, which provided councils with a maximum decrease in funding of 2.52%, is set out in **Annex G** of this Circular. The setting of the floor is in line with the revised arrangements agreed following the SDG review of the floor methodology.

16. This Circular confirms that the calculation behind the **85% funding floor** applied in 2018-19 has been retained for 2019-20. The methodology compares total revenue funding plus local authorities estimated council tax income and any council whose total support under this method falls below 85% will be topped up to ensure that all councils receive 85% of the Scottish average total revenue support per head.

17. The changes to the 2018-19 GRG figures since Local Government Finance Circular 8/2018 are set out in **Annex H**

18. **Annex I** summarises the column within the settlement titled 2008-2020 Changes Column.

## **Part B: Local Government Finance Settlement – Capital Grants 2019-20**

19. In 2019-20 the Local Government Settlement provides capital grants totalling £1,084.210 million. This is made up of General Capital Grant totalling £703.969 million and Specific Grants totalling £380.241 million.

20. **Annex J** sets out the distribution for the General Capital Grants per local authority for 2019-20.

21. **Annex K** sets out the revised distribution for the General Capital Grants per local authority for 2018-19. An additional £0.425 million has been allocated to West Lothian to be transferred to the Improvement Service in respect of Scottish Local Government Cyber Security Infrastructure and Skills Match Funding Programme.

22. **Annex L** sets out the allocations within the General Capital Grant for flood schemes for 2019-20

23. **Annex M** summarises the Local Government Finance Settlement for 2019-20.

## **Part C: Non-Domestic Rates for 2019-20 and Business Rates Incentivisation Scheme**

24. The Distributable Amount of Non-Domestic Rate Income for 2019-20 is confirmed as £2,853 million.

25. The following eight pieces of non-domestic rates legislation (accessible online at [www.legislation.gov.uk](http://www.legislation.gov.uk)) come into effect on 1 April 2019.

### **25.1. The Non-Domestic Rate (Scotland) Order 2019**

This Order sets the non-domestic rate poundage of 49 pence in Scotland for 2019-20.

### **25.2. The Non-Domestic Rates (Levying) (Scotland) Regulations 2019**

These regulations make provision for a poundage supplement (referred to as the Large Business Supplement) in 2019-20 of 2.6 pence on properties with a rateable value in excess of £51,000; and for reductions in non-domestic rates as a result of the Small Business Bonus Scheme (SBBS) for 2019-20. There is no change compared to 2018-19.

### **25.3. The Non-Domestic Rates (Telecommunications Installations) (Scotland) Amendment Regulations 2019**

Updates the pilot relief for telecoms masts in 3 designated rural areas (maps) in the Non-Domestic Rates (Telecommunication Installations) (Scotland) Regulations 2016, and the grid coordinates set out in *Non-Domestic Rates Relief – Mobile Masts Pilot Extension – Eligible Grid References and dated 12th February 2018* (17 sites) in The Non-Domestic Rates (Telecommunication Installations) (Scotland) Amendment Regulations 2018. This document is replaced with *Non-Domestic Rates Relief – Mobile Masts Pilot Extension – Eligible Grid References - 30 January 2019* (46 sites). This relief was last year made available to 31 March 2029.

### **25.4. The Non-Domestic Rates (Transitional Relief) Amendment (Scotland) Regulations 2019**

Extends transition relief arrangements into 2019-20 for hospitality properties and Aberdeen City/Shire offices with an additional 12.5% real terms relief (14.8% in cash terms with inflation set at 2.1%, which is the percentage increase in the non-domestic rates poundage between 2018-19 and 2019-20). Hospitality properties must have a rateable value under £1.5 million to qualify. De minimis applies to this relief. Relief does not continue for former relief, splits or hydro premises.

### **25.5. The Non-Domestic Rates (Relief for New and Improved Properties) (Scotland) Regulations 2019**

Provides 'Business Growth Accelerator' relief: 100% rates relief for certain new-build properties until a year after first occupation. Additionally the Regulations ensure that no increase in rates is payable for a year in respect of certain property improvements.

### **25.6. The Non-Domestic Rating (Telecommunications New Fibre Infrastructure) (Scotland) Order 2019**

This Order provides for a separate entry to be made in the valuation roll for telecommunications new fibre infrastructure. This is fibre infrastructure which is laid, flown, blown, affixed or attached on or after 1 April 2019. Without this Order there would be no

requirement that this infrastructure be valued separately from the rest of the telecommunications network it may be a part of.

**25.7. The Non-Domestic Rates (Telecommunications New Fibre Infrastructure Relief) (Scotland) Regulations 2019**

These Regulations provide 100% relief on telecommunications new fibre infrastructure up to 31 March 2029.

**25.8. The Non-Domestic Rating (Valuation of Utilities) (Scotland) Amendment Order 2019**

This provides a routine update to The Non-Domestic Rating (Valuation of Utilities) (Scotland) Order 2005 amending the definition of electricity generation, amending a company name and adding another, and removing an unnecessary reference to the date of registration of certain companies.

26. As set out above, for 2019-20 the Non Domestic Rate poundage is set at 49p and the Large Business Supplement at 2.6p for property with a rateable value over £51,000.

27. Details of the Business Rates Incentivisation Scheme (BRIS) outcome of the amounts to be retained by local authorities for 2017-18, revised targets for 2018-19 and provisional targets for 2019-20 will be confirmed shortly.

The explanation of each of the columns within the tables at Annex B is as follows:

**Column 1** – represents the updated on-going service provision and includes the following combined information: (i) the Grant Aided Expenditure (GAE) assessments; (ii) the Special Islands Needs Allowance (SINA); (iii) each council's individual share of the on-going revenue grants which have been rolled up into the core local government finance settlement; (iv) each council's share of all the baselined redeterminations since Spending Review 2007; and the previous loan charge adjustment.

**Column 2** – is the new combined total, non-ring-fenced, changes in general provision resulting from Spending Reviews 2007, 2010, 2011, 2013, 2015 and budget revisions for 2016 - 2020 allocated pro-rata to each council's share of GAE plus SINA.

**Column 3** – represents the share of the loan charges support for outstanding debt and the same level of on-going PPP level playing field support. The methodology for calculating Loan Charge Support (LCS) and support for Public Private Partnership (PPP) projects (level playing field projects only (LPFS) is set out on Annex H of Finance Circular 2/2011.

**Column 4** – is the main floor adjustment which has been calculated using the revised methodology agreed following the 2018 review.

**Column 5** – this is the net revenue expenditure recognised by the Scottish Government and represents the sum of columns 1 to 4.

**Column 6** – is the assumption of the amount of Total Estimated Expenditure to be funded from the council tax. Any changes are as a result of buoyancy or projected numbers of properties, as well as the estimated additional council tax income to be collected and retained by each local authority as a result of the changes to bands E to H.

**Column 7** – is each council's share of the on-going Ring-Fenced Grants for Gaelic, Pupil Equity Fund, Criminal Justice Social Work, Early Learning and Childcare and Support for Ferries.

**Column 8** – is each council's share of the estimated non-domestic rate income which has been distributed proportionately on the basis of council's 2018-19 mid-year income.

**Column 9** – is the balance of funding provided by means of general revenue funding and is calculated by deducting columns 6, 7 and 8 from the Total Estimated Expenditure in column 5.

**Column 10** – represents the total revenue funding available to each council in 2019-20.

**Column 11** – is the 85% floor adjustment which has been calculated to meet the Scottish Government's commitment to ensure that no Local Authority receives less than 85% of the Scottish average per head in terms of revenue support.

**Columns 12** - is the revised total funding including all the changes and the 85% funding floor adjustments.
