

## Have your say

### Question 1

The Scottish Government would like to make health and social care services better. We would do this first for older people and then improve services for all adults. Do you think this is a good thing and can you tell us why?

YES.  
WITH EVERY GOVERNMENT FINANCE DICTATES.  
BEGIN WITH OLDER PEOPLE MAKING SURE THAT THE BUDGET IS SPENT  
ON THE PEOPLE & NOT ON SOME BACK OFFICE NOBODY.

### Question 2

Have we thought about all the things we need to put the money together for adult health and social care services? Do you have anything you would like to add or change?

EVOLUTION = HINDSIGHT.

### Question 3

Councils and Health Boards will need to work together to make things better. We call this outcomes. This is different to how they work. Do you think what we want to do is a good way to make the change?

COUNCILS & HEALTH BOARDS ARE TWO DIFFERENT KINDS OF  
ANIMALS - NEVER TO WORK

### Question 4

Should Health Boards and Councils both agree on how they will make things better for adult health and social care?

NO

**Question 5**

If health and social care services have to report to Ministers and Council leaders, is there the right balance of local and national responsibility?

NO

**Question 6**

Should it be possible to create a new Partnership that covers more than one Council area? For example, a Lothian Regional Partnership?

NO

**Question 7**

Do you agree that it should be senior officials from Health Boards, Councils, elected Council members, professionals (such as doctors) and people from the voluntary sector that form the committee for the local Partnerships?

NO

**Question 8**

Do you think the new plan will mean changes can take place quickly if local services are not working properly? What could we do to help?

NO  
SPEAK MORE TO SERVICE USERS

**Question 9**

Do you think the new Partnerships should be able to include other areas of health and social care, if they want to?

NO

**Question 10**

If the money is put together, do you think our proposals will allow money to be spent better for the patient or service user?

NO

**Question 11**

Do you have experience of how easy or difficult it is to access services across both health and social care systems? If you have, would you like to tell us?

I HAVE EXPERIENCED & WISH NOT TO RELIVE MY  
NIGHTMARE

**Question 12**

Should Ministers say in law the parts of the separate health and social care budgets that should be in the joined up budget? Would this allow the outcomes to be met locally?

NO  
LAWS ARE CONSTANTLY BEING CORRUPTED THE LAW  
WOULD BE NO DIFFERENT

**Question 13**

Do you think we have given the senior officer the right amount of say in how the money is spent? Do you think it will be difficult for one person to be in control of all this money?

YES. MONEY CORRUPTS

**Question 14**

Have the proposals given the senior officer enough authority and responsibility to take control of this money?

TRANSPARENCY IS BEING SHOWN THE DOOR

**Question 15**

Should the Scottish Government tell Partnerships how to plan for local services, or should this be left to local areas to decide?

YES & PAY FOR IT

**Question 16**

We think that local professionals, including General Practitioners, should be asked to help plan local services. Is this a strong suggestion, or should it be stronger?

NO. GPs HAVE ENOUGH PROBLEMS RECOGNISING THEIR PATIENTS.

### Question 17

What practical help should we offer to help health and social care staff get involved with planning services?

GET THEM MORE HANDS ON. STOP PUSHING PENS.

### Question 18

Should we use groups of doctor's surgeries to organise the local planning of services? If not, how could this be done better?

NO DOCTOR SURGERIES ARE COLD & CLINICAL.

### Question 19

Should the partnerships talk to people in their communities? How might this be done?

BY SPEAKING TO PEOPLE. YES ACTUALLY SPEAKING, TO THEM RATHER THAN SPEAKING DOWN TO THEM,

### Question 20

Do you think we should say how many people need to be involved in the planning of local service? For example, a percentage of the local population?

DEMOCRACY RULES,
