National outcomes for adult health and social care

**Question 3:** This proposal will establish in law a requirement for statutory partners – Health Boards and Local Authorities – to deliver, and to be held jointly and equally accountable for, nationally agreed outcomes for adult health and social care. This is a significant departure from the current, separate performance management mechanisms that apply to Health Boards and Local Authorities. Does this approach provide a sufficiently strong mechanism to achieve the extent of change that is required?

Yes [x]  No [ ]

**Question 11:** Do you have experience of the ease or difficulty of making flexible use of resources across the health and social care system that you would like to share?

- Yes [x]  - No [ ]

**Comments**

As an NHS Executive Director my experience of integrated budgeting across services was difficult. This was due to bureaucratic systems protecting their boundaries. I found it difficult to make change come from front-line staff who were motivated to improve patient care in the threshold of change that their management would...

**Question 12:** If Ministers provide direction on the minimum categories of spend that must be included in the integrated budget, will that provide sufficient impetus and sufficient local discretion to achieve the objectives we have set out?

- Yes [x]  - No [ ]

**Comments**

Ministers will require to give definitive guidance to ensure direction.

**Jointly Accountable Officer**
