CONSULTATION QUESTIONS

Progress and Challenges

Q.1 Do the findings of the evaluation broadly reflect your views about services for people with learning disabilities/carer?

Yes ☑ No □

Please provide any comments, evidence and/or examples here

opportunities are more available for individuals, particularly for individuals to live on their own with the correct support.

Service users who have transport are still receiving transport from and to services, causing a duplication.

Q.2 Can you give examples, either locally or nationally, of what you think has worked well over the last 10 years of The same as you?

Please provide any comments and/or examples here

More opportunities to access community-based activities facilities.

Giving people a voice, being more involved in their service provision.

More people accessing college, community services and not attending day centres where not a need.
Q. 3  Can you give examples of issues in current work and/or policies that still need to be addressed?

Please provide any comments and/or examples here

Transport, this is often duplicated
Providing transport for individuals and families
else having mobility cars, a duplication of
and a drain on services.

Good Practice – Organisations

Q. 4  Can you provide examples of what you have done over the last 10 years, within your organisation, to improve services and access to services within your local area?

Please provide any comments and/or examples here

upgraded and encouraged individuals to use
public transport
More people accessing Community activities
Better Community ( Improved) underway.
Good Practice - Individuals

Q.5 What have you done, as an individual, to make positive changes within your local area?

Please provide any comments and/or examples here

Supporting people to be included in their local communities, also within their day to day lives.

Supporting staff to take forward the principles in the SIAP.

Future Priorities - Healthcare

Q.6 What still needs to be done to ensure that people with learning disabilities have access to better and more appropriate healthcare?

Please provide any comments and/or examples here

More health care professionals ie doctors trained in Working Communally with current users in a way to suit needs.
Future Priorities - Education

Q.7 What still needs to be done to ensure that people with learning disabilities have access to better educational opportunities?

Please provide any comments and/or examples here

Training for staff to have better understanding of how to meet individual needs (baseline)
- For specific areas like health, Autism, Pre-school or School children.
- Although we have good support workers by Transition Care Managers.

Future Priorities – Independent Living

Q.8 What still needs to be done to ensure that people with learning disabilities are able to live independently?

Please provide any comments and/or examples here

Accommodation (unipavements) better suited to meet individual needs.
- More housing
- To support individuals to develop skills needed, i.e. financial, health, day to day living skills, etc.
Future Priorities – Employment

Q.9 What still needs to be done to ensure that people with learning disabilities have access to better employment opportunities?

Please provide any comments and/or examples here

- Employees having a better understanding of the needs of individuals
- Better preparation
- Men and women with ID get appropriate support, training etc., so not going into an area to find
- Employees have better access to relevant information

Future Priorities

Q.10 What other future priorities do we need to focus on?
(Please list these in order of importance with the most important first)

Please provide any comments and/or examples here

- Transport
- Housing
- Employment
- Health Care
