(Please tick your answer)

Yes ☑ No ☐

You can put any comments about this question here.

William is unable to read or understand the consultation report.
Question 2
What do you think has worked well over the last 10 years for people with learning disabilities and family carers?
This could be changes in your local community or all over Scotland.

Please write your answer here.

Health facilities are good as a valuable service. Although communities are acknowledging individuals are in their community facilities are still very poor which violates people. The hospital institutional programme has allowed individuals who lived in long stay hospitals once being very young achieve their own independence be supported in a healthy environment, secure provision support have more opportunity to access available facilities or do things of their own choice.

Thank you for taking the time to answer the questions. Your answers are important to us so that we can do the right things to help people with a learning disability have better lives.

Question 10
What do you think are the things we need to do in the future to make the lives of people with learning disabilities better?
Please write the most important things first.

Please write your answers here.

Better community facilities in terms of availability and access.
More tailored educational provisions.
Education for health professionals and employees on supporting individuals with learning disabilities.

Question 3
What do you think still needs to be done by the Government to make the lives of people with learning disabilities and family carers better?

Please write your answer here.

Better facilities re education, social experience, better support re access to advice, specialists.
Question 4 - (this question is for organisations only)

- What have you done in your organisation to improve services for people with learning disabilities in your local area?
- What have you done in your organisation to improve access to services for people with learning disabilities in your local area?

Please write your answer here.

Question 9

What do you think needs to be done to help people with learning disabilities get jobs?

Please write your answer here.

By giving employers more support to provide adequate provisions.
Question 8
What do you think needs to be done to help people with learning disabilities live more independent lives?

Facilities are generally good but it must be ensured that these facilities are maintained. Government cuts could affect these facilities, which could mean individuals become restricted on their community access due to reduced support.

Question 5
What have you done to make things better in your local area for people with learning disabilities and family carers?

By providing more information on facilities, making facilities more accessible. By providing more facilities that allows people with learning disabilities to be involved in their community.
Question 6
What do you think needs to be done to help people with learning disabilities get access to good healthcare?

Please write your answer here.

I think facilities for health are good. Although I feel that health professionals could be better educated on how to support individuals with learning disabilities. They do not always treat them as an individual or a person and direct questions, information to family carers.

Question 7
What do you think needs to be done to improve access to better education and learning for people with learning disabilities?

Please write your answer here.

There are gaps in the provision of services and the level of accessibility in terms of places for individuals, variety in classes to suit individuals skills, development.
