

Introduction

We welcome the opportunity to comment on the draft Regulations to accompany the Public Bodies (Joint Working) (Scotland) Act 2014. Our response to this consultation is limited as we are fortunate that representatives from the Care Inspectorate have been involved in a number of working groups relating to the Act and have supported the drafting of these Regulations.

We support the move towards integration of health and social care and look forward to working closely with partner organisations to help ensure the successful implementation of the new duties placed upon services as part of the integration process. This work will of course include our role in evaluating the effectiveness of integrated services and supporting improvement across the newly integrated landscape, alongside our scrutiny partners Healthcare Improvement Scotland.
