

There is little difference between Colin and Catherine's day to day care needs. The main difference between them is that Colin gets ILF and Catherine does not.

Question 2

When people no longer receive ILF, how should the money then be spent? EXACTLY THE SAME WAY

Should it be spent in the same way?

YES

The Scottish Government is open to all ideas for the use of a new fund. They will think about all of the ideas put forward and pick the one that is the most sustainable.

One idea is that the new fund could be used to overcome short term challenges in a person's life.

For example, a person gets support from a day centre that is closing. This person wants to be more independent and do more things. They are at risk of losing the friends they have made when the day centre closes.

The fund could be used in the short term to support them in keeping these friends and getting out and about more.

Question 3

If ILF is not going to continue, how would you like to see the money used?
