

All figures provided are in metric tonnes unless otherwise stated; include only stocks which the UK apportions to FAs; and are post exchange with Coastal States and post application of De Minimis deductions.

Table 1 UK Additional Quota as a share of the UK's total quotas

Year	UK Quota	UK AQ	AQ as % of UK total	AQ not fished	% of AQ
2021	597,595	58,138	10%	12,935	22%
2022	622,988	62,298	11%	12,987	19%
2023	681,703	99,737	15% ¹	-	-

Table 2 Scotland's Apportioned share of Additional Quota

Year	Scottish Quota	Scottish Additional Quota	AQ as % of Scottish total
2021	413,365	38,272	9%
2022	397,287	43,997	11%
2023	470,670	70,256 ²	15%

Table 3 Pelagic Additional Quota as a percentage of all UK Additional Quota

Year	UK total AQ	UK AQ (pelagic stocks)	Pelagic share of UK AQ
2021	58,138	44,584	77%
2022	67,683	52,645	78%
2023	99,737	82,226 ³	82%

Table 4 Pelagic Additional Quota as a percentage of all Scottish Additional Quota

Year	Scottish Additional Quota (total)	Scottish Additional Quota (pelagic stocks only)	Pelagic share of Scottish Additional Quota
2021	38,372	32,680	85%
2022	43,997	38,694	88%
2023	71,134	62,817	88%

¹ UK Additional Quota inflated by agreement made with Norway mid-year and applicable for 2023 only. Without which UK AQ would be 11% of total UK Quota.

² Scottish Additional Quota inflated by agreement made with Norway mid-year and applicable for 2023 only. Without which Scottish AQ would be 12% of total Scottish Quota.

³ UK Additional pelagic Quota inflated by agreement made with Norway mid-year and applicable for 2023 only. Without which pelagic AQ would be 76% of total UK AQ.

Table 5 Special Allocations to Scottish Non-Sector 2021-23 (in tonnes)

Figures may not sum due to rounding

Stock	Lowest Special Allocation	Highest Special Allocation	Special Allocation as % of Scottish AQ
North Sea cod	41	52	4-10%
North Sea saithe	49	49	4-6%
North Sea anglerfish	29	29	6-7%
North Sea skate/ray	8	8	12-29%
North Sea lemon sole/witch	15	15	16-41%
North Sea ling	14	14	23-26%
West of Scotland anglerfish	13	13	3%
West of Scotland ling	0	20	0-6%
West of Scotland skate/ray	20	20	37-53%
North Sea mackerel	150	150	24-39%
Western mackerel	300	300	<1%

Table 6 Gear operated by non-sector vessels 2021-22 (landings in tonnes)

Figures may not sum due to rounding

Stock	Total landings by group	Landings by pot/creel/trap	Landings by hooks/lines	Landings by trawl & dredge	Landings by static net
North Sea cod	323	21	251	48	4
North Sea saithe	71	3	66	2	0
North Sea anglerfish	25	1	<1	22	0
North Sea skate/ray	14	1	2	10	<1
North Sea lemon sole/witch	6	<1	<1	5	<1
North Sea ling	5	<1	5	<1	0
West of Scotland anglerfish	0	0	0	0	0
West of Scotland ling	0	0	0	0	0
West of Scotland skate/ray	6	5	0	<1	<1
North Sea mackerel	2,167	97	2047	22	1
Western mackerel	17	10	7	0	0
