Subject: Protect wild mammals in Scotland make law stronger
Date: 30 March 2016 09:41:39

Dear sir/mammals

Please ban the use of hounds to deliberately chase mammals and allow only drag hunting in Scotland.

Please restrict the number of hounds which can be used to flush out foxes to a maximum of two.

Please make it compulsory for hounds to be fitted with suitable muzzle when being used to flush out foxes.

Please ban the use of all snares in Scotland.

Every week we hear of breeches of the law.

If they have to be killed can't these animals be shot humanely.

Why have these animals be terrified and ripped to pieces for people's blood lust it's totally unacceptable and barbaric like the dark ages this is not a country if animal lovers.

Thank you
