3. Seeking a change OR support as written:

We need to know whether your representation is **seeking a change** to or whether it is **supporting** the written document. This means you either want to see a change to the document or you wish to see it stay as it is currently presented and not changed.

Seek a change (please complete sections 4 **AND** 5 below)

Support as written (please complete **ONLY** section 5 below)

4. What changes are you seeking to the document?

Map 8: Spatial Framework. This map highlights groups one and two from Scottish Planning Policy Table 1: Spatial Frameworks but does not highlight that the remaining area is group 3 which promotes a protectionist stance as opposed to the balanced position taken in Table 1. Paragraph 2 of Scottish Planning Policy is clear that the planning system should take a positive approach. The key should be amended to highlight the group three areas, with associated colouring on the map if necessary.

5. Representation

To comply with Scottish Planning Policy Table 1: Spatial Frameworks.
