Dear Alan,

**Town and Country Planning (Scotland) Act 1997
Notice of Intention to Adopt – Glasgow City Council Supplementary Guidance
– SG6 Green Belt and Green Network**

I refer to your correspondence of 30th May 2024, regarding Glasgow City Council's intention to adopt the proposed Supplementary Guidance on Green Belt and Green Network.

Scottish Ministers give notice that the supplementary guidance 'Green Belt and Green Network' may not be adopted until modifications specified in the Annex to this notice have been made. These modifications are required to reflect the requirements for mineral extraction development proposals and the policy intent in NPF4.

For the avoidance of doubt, prior to adopting this document as supplementary guidance, your Authority should satisfy itself that it has met the requirements set out in the Town and Country Planning (Development Planning) (Scotland) Regulations 2008.

In particular, we would bring to your attention the need to comply with section 27(2) of the above regulations, which state that supplementary guidance adopted and issued under section 22(1) of the 1997 Act (in connection with a particular local development plan), may only deal with the provision of further information or detail in respect of the policies or proposals set out in the plan and then only provided that those are matters which are expressly identified in a statement contained in the plan as matters which are to be dealt with in supplementary guidance.

Yours sincerely

Jasmine Hood
