Our ref: 01602 Screening - Scottish Government - Scotland's Fisheries Management Strategy 2020 - 2030

Date: 26 November 2020

Dear Sir/Madam

Environmental Assessment (Scotland) Act 2005: Section 8(1)
Scotland's Fisheries Management Strategy 2020-2030

Screening Determination

I refer to the Screening report prepared for the above, which was submitted to the SEA Gateway on 20/10/2020. Responses from the Consultation Authorities were received on 17/11/2020, whose overall opinion was that there was no likelihood of significant environmental effects.

I write to confirm that the Scottish Government has determined, using the criteria set out in Schedule 2 of the Environmental Assessment (Scotland) Act 2005, that **Scotland's Fisheries Management Strategy 2020-2030** is unlikely to have significant environmental effects. As the Consultation Authorities agree with this view, the Scottish Government has concluded that a Strategic Environmental Assessment is not required.

I enclose a copy of the determination advert which will be placed in the Edinburgh Gazette and Glasgow Herald. I would be grateful if you could forward this determination to the SEA Consultation Authorities.

Please do not hesitate to contact me should you require any further information.

Yours sincerely,

Oana Racu
