Dear [redacted],

As you will be aware, in the course of the Education Debate in the Scottish Parliament on 17 February 2021, the Parliament agreed a motion calling for the immediate publication of the draft OECD Report on the Review of CfE, which you shared with us on 2 February for fact checking purposes.

Following our recent discussions on this matter I am writing formally, as [redacted], to confirm if this would be possible and to clarify your position on the matter.

Yours sincerely,
