Good afternoon [Redacted]

The TA Addendum has not yet been submitted to the City Council. It is likely to be submitted in due course with a package of other revised planning documents. The applicant has indicated that the documents are likely to be submitted in approximately 2 weeks. I will arrange for the TA Addendum to be forwarded to Transport Scotland.

Regards

Hi [Redacted]

I understand from a recent telephone conversation with Ross McDonald at Fairhurst that a TA Addendum Report is in preparation to be issued in draft form in support of the above planning application. He advises me that it will be issued to the City Council only rather than copied directly to Transport Scotland also. I would be grateful, therefore, for a copy to be shared with Transport Scotland when received in view of the implications of the proposed development for the strategic road network.

Regards,

In advance of meeting later today, please find attached drawing 111644/8004 which shows preliminary stadium plans, and the AWPR superimposed on for context. The internal site layout may still change a bit.

Are you able to print a copy of this out please? I left the office on Friday without a copy.

Some basic information about the proposal:

- It is a stadium and training facilities for AFC. Training facilities will also be available for community use.
- The stadium will be 20,000 seat.
- There are to be 3 points of access from the A944. The main access is around 800m west from the AWPR Kingswells South Roundabout.

I will forward on the public consultation boards which give a bit more information.

Regards
