

The Government Car Service in Scotland (GCS) provides transport for: members of the Scottish Cabinet and Ministers; Ministers of other UK Administrations when in Scotland; the Lord Advocate and Solicitor General; the Permanent Secretary; dignitaries and advisers, with the approval of Ministers; and, when necessary, the transportation of official documents.

In the majority of cases, documents are transported via the government's internal mail system. However, when time or business constraints make this impossible, the GCS is used to ensure urgent documents are delivered on time. Wherever possible we cover multiple deliveries with one vehicle

Government car journeys that carried only documents, no ministers or officials in 2016 /17.
