I believe it may be possible for us to make good headway on the points mentioned and I would be very grateful to learn what you require from our side in order to progress. I very much look forward to our future collaboration, as I am confident there are further avenues we can explore, which may offer exciting opportunities and prove beneficial to our respective health services and constituents. May I take this opportunity to invite you and your team to Gibraltar, as my guests, where you find an opportunity to learn first-hand of our healthcare system. I would be delighted if you would accept the invitation to visit us at the GHA.

With many thanks & kind regards

Neil
