1.1.1	BIDDER GUIDANCE	Important – The buyer will typically expect bidders to answer all the	
		questions – even those marked "optional". Optional in this instance simply	
		means that the PCS-Tender system will not actively stop a bidder from	
		submitting a response if an "optional" question has not been answered. It is	
		the bidder s responsibility to ensure that all questions are answered prior to	
		final submission.	
		"Mandata",	
		"Mandatory" questions are those which, if not answered in the right place and right format, then the PCS-Tender system will actively block you	
		submitting your response. It is therefore especially important that you do	
		not leave answering these types of questions to the last minute.

1.2.1	ESPD	The European Single Procurement Document (ESPD) is a standard	
		qualification questionnaire supplied by the European Commission for all	
		regulated procurements. The ESPD is used to self-certify for the minimum	
		requirements to tender and is tailored to the buyer s specific project.	
		Information on the selection criteria for participation can be found in the	
		Contract Notice on Public Contracts Scotland. If you have previously submitted an ESPD some of your answers will be pre-populated and these	
		can viewed in your Supplier Profile. Be aware that not all questions will	
		apply to you or be valid for every tender.	
1.2.2	Important	You are able to update your Supplier Profile at any time. Information	
		contained within your Profile is visible to buyers within contracting	
		authorities using PCS-Tender and administrators of the system. It is not	
		visible to other suppliers registered on the system. Submitted responses to	
		standardised questions are automatically updated in your Profile when the
