Steve Grimmond, Lead Chief Executive, The South
East Alliance
Carrie Lindsay, Regional Improvement Lead, The
South East Alliance

07 November 2017

Dear Colleagues,

The South East Alliance – Introductory Meeting

Following the Deputy First Minister's letter of 1 November, I am writing to confirm the arrangements for our next steps in working together to implement the agreement on Regional Improvement Collaboratives in your area.

An introductory meeting with you has been agreed for 15 November in Fife House, North Street, Glenrothes, KY7 5LT. Clare Hicks and myself from the Scottish Government, and Karen Reid and Graeme Logan from Education Scotland will attend the meeting.

Our aim for this meeting is to continue our discussion on: what the agreement on the establishment of Regional Improvement Collaboratives means for your area; what actions, engagement and support will be needed to operationalise that agreement over the coming weeks; and to explore with you how we can continue to work together going forward.

I have attached a suggested outline agenda for this meeting and a copy of the Joint Steering Group Report on Regional Improvement Collaboratives. If you require any further information on the meeting arrangements, please contact [redacted] on [redacted] or at [redacted]

I look forward to meeting you and working together to deliver educational improvement.

Yours sincerely

[redacted]
