	Result Area/ Indicator	Proposed/ Approved Change (please clarify and evidence below)
	N/A	
2.3	Baseline Data (for first 6 month report only) Please confirm that your baseline is now complete (this is a requirement of the IDF). Please attach the full baseline report. If baseline data is not available please provide an explanation. N/A	

2.4	Project Progress and Results In the table below, please provide a summary of the key areas of progress and results achieved over the last 6 months, <u>for each project output and outcome</u> . Describe in brief any delays or other challenges that you have experienced and how these have been addressed, and provide information about any unexpected results.	
	Output/ Outcome	Summary of Progress and Results
Outcome: Children in partner schools will experience improved learning and teaching.	We continue to far exceed our target in relation to Outcome Indicator 1. In relation to the revised Outcome Indicator 2 (revision agreed with SG in February 2016), our partner schools continue to achieve an average standard of Level 3 in relation to the Malawian Education Standards (MES).	
Output 1: All partner schools have a library.	We continue to far exceed our target in relation to Output Indicators 1.1 and 1.2. In relation to the revised Output Indicator 1.3 (revision agreed with SG in February 2016), our partner schools continue to achieve an average standard of Level 3 in relation to the Malawian Education Standards (MES).	
Output 2: Malawian senior staff to participate in a leadership programme.	We continue to make good progress in relation to all three Output Indicators. We will increase the number of participants in courses over the next 18 months to enable us to reach our target by the end of March 2018.	
Output 3: Glasgow MLOLs and Malawian staff working alongside each other using coaching in context.	We continue to far exceed our target in relation to Output Indicator 3.2. We continue to make good progress in relation to Output Indicators 3.1 and 3.3. In relation to the revised Output Indicator 3.4 (revision agreed with SG in February 2016), our partner schools continue to achieve an average standard of Level 3 in relation to the Malawian Education Standards (MES).	
Output 4: More children, particularly girls, enrol and actively participate in school, resulting in improved attainment and reduced early drop out.	We continue to exceed our targets in relation to all three Output Indicators.	
Output 5: Young people in Glasgow and Malawi better able to contribute to civic society.	We continue to exceed our targets in relation to Output Indicators 5.1 and 5.2. We have made some progress in relation to Output Indicator 5.3, but have had some difficulty in encouraging Malawian staff and students to take on leadership roles while the Glasgow young people are in Malawi. However, there is clear evidence that the work undertaken by Glasgow young people directly leads to a legacy of leadership amongst the Malawian staff and young people. This is particularly true in the area of sports leadership. The Glasgow schools involved in the programme this year were Knightswood Secondary, Whitehill Secondary and Springburn Academy.	
Output 6: Malawian district senior staff to participate in a leadership programme.	We continue to make good progress in relation to all three Output Indicators. Significantly more Primary Education Advisers (PEAs) have participated in the leadership programme since the delivery of this element of the MLOL programme was handed over to Link Community Development (revision agreed with SG in April 2016).	

	Please add additional outputs/ outcomes as required			
2.5	Risk Management			
	If progress towards delivering activities and outcomes is slower than planned or there have been delays in the delivery of the project, please explain: a) What the issues have been and whether they were highlighted on your risk register? b) What actions have been taken in response to these issues?
