Dear Alan

I have discussed the Scottish Academy being involved in an external review of NHS Lothian in relation to the recent concerns. I confirm that we are happy to undertake this and we will develop a small team to support this.

Our plan would be to produce an outline programme to scope this work quickly with a view to producing a full report in the new year. Undertaking this in a relatively short period of time and to an appropriate standard will require full time infrastructure support and of course appropriate funding. I hope to be able to give a better indication of this in the near future.

kind regards
Derek
