Our Ref: SW/GW/ADF/4710

Date 15th September 2015

Dear Sirs,

4th Generation Term Contract for Management and Maintenance of the Scottish Trunk Road Network South West Unit
SUBJECT: VEHICLE RESTRAINT SYSTEMS (VRS) – M8 CATEGORY 1 DEFECTS

Further to our letter of 15 January 2015 and subsequent discussions and correspondence in relation to the condition of VRS on the M8, we have now completed our analysis of our Detailed Inspections of VRS along the M8.

The outcome of this inspection is that a number of Category 1 Defects have been identified and entered into the Routine Maintenance Management function of IRIS. I attach a spreadsheet showing Defects on M8 which have an estimated repair value exceeding [REDACTED] including the entire length of central reserve VRS between M8 junctions 10 and 12, highlighted red on the attachment.

These repair estimates are based upon temporary like-for-like repair of the non-standard systems in accordance with your preferred interim solution for the similar issues identified previously, and currently being implemented on M8 junctions 12 to 15. We have assumed in light of previous discussions and correspondence that this would be your preferred course of action, although not complying with current Design Manual for Roads and Bridges standards, and we would ask that you confirm this in writing.

In highlighting similar extended length central reserve VRS Defects between M8 junctions 12 and 15 we offered the two options of temporary traffic management (double offside closures) or introducing a speed restriction by way of temporary traffic order, to implement an immediate temporary repair but Transport Scotland decided not to implement either of these options. We would request confirmation in writing of your preferred course of action for an immediate temporary repair of the central reserve Defects between junctions 10 and 12 and for the other Defects listed, including those at Charing Cross.

Balfour Beatty Civil Engineering Limited,
Registered Office: 130 Wilton Road, London, SW1V 1LQ
Registered in England & Wales Number: 04482405
An agent of Balfour Beatty Group Limited, 130 Wilton Road, London
SW1V 1LQ
Registered in England & Wales Number: 101073

Mouchel Limited
Registered Office: Export House, Gawsay Way,
Woking, Surrey GU24 6QX
Registered in England & Wales Number: 01000040

To facilitate the issue of an Order from the Director to undertake these operations, can you advise which workcode you wish us to promote the Initial Design bid from.

In the meantime, given the scale and extent of these Defects and the requirement to promote Bids and Orders, permanent repairs cannot practicably be undertaken within the 28 day timescale, and we would request dispensation from our Category 1 Defect obligations to meet this timescale.

Yours faithfully
For and on behalf of Scotland Transerv

Contracts Director

Bridge (Road Over Rail) Named - M8 MOTORWAY AT JUNCTION 14 Referenced by Network Rail as - ELR: SGN No: 10A	

Street Works Report

Works Details

Works Ref: XR001-S000000022337
LAREF: 1909795
Address: M8 JUNCTION 12 TO JUNCTION 13
 GLASGOW
Town: GLASGOW
County: GLASGOW CITY
Works Type: MAJOR

Works Recorded Date: 11/05/2015 11:18
Proposed start date: 02/08/2015 20:00
Actual start date: 02/08/2015 20:00
Estimated end date: 23/10/2015
Latest Notice Type: WORKS CLOSED
Status: WORKS CLOSED

Engineering Difficulty

Other

Project:
Promoter: Transport Scotland - SW Unit Op Company / TRO South West
Notifiable Authority: Transport Scotland - SW Unit Op Company / TRO South West
NSG Ref: 80/20339 **Easting:** 263365.73 **Northing:** 666697.99
Carriageway Reinst.: SPECIAL TYPE - OVER 30 MS **Footway Reinst.:**
Traffic Management: LANE CLOSURE-2 WAY WORKING- OUT **Works Technique.:** MACHINE
Location: J12 to J15
Description: Barrier upgrade works. Offside lane closures westbound and eastbound from J12 to J15
