

Schools inspected up to week ending 1 June 2018

This data relates to local authority and grant-maintained schools in Scotland.

The data records the date of the **last** inspection visit for schools up to the week ending 1st June 2018. Where an inspection report has not yet been published this is indicated in the data.

The data relates to **general inspection** activity only. This means the main inspection visit that a school receives.

The list of schools is based on the Scottish Government's list of schools open as of September 2016:

<http://www.gov.scot/Topics/Statistics/Browse/School-Education/Datasets/contactdetails>

For those schools listed which do not have an inspection date, this is due to a number of factors, including changes to the school estate, local circumstances, or the provision being reported in another inspection unit (GME units or support units).

School details (as at September 2016, Scottish Government)							Date of last inspection (as at week end 01/06/2018)
SEED number	Local authority	Centre Type	School Name	Primary	Secondary	Special	Inspection date mmm-yy
