Hi [Redacted]

Just to keep you guys posted, we've arranged a meeting with Dundee council. [Redacted] doesn't want to discuss anything in particular but would just like an overview of the process taken etc. Therefore I'm not sure if there's any need for anyone from MS to attend- but of course you are more than welcome to. We'll take minutes etc, but I think from the conversation I had with [Redacted] it really is just an overview of the process we've taken to scoping [Redacted] like.

Thanks

Good morning [Redacted]

Thank you for your email and confirming that you'd like to have a meeting with us to discuss the Scoping Report.

I look forward to hearing from you.

Hi [Redacted]

We look forward to receiving the minutes from the meeting with Dundee City Council. As you will have seen, the Seagreen scoping opinion was issued for consultation yesterday afternoon.

The statutory timescale for issuing the scoping opinion is five weeks after the receipt of the last consultation response. Once MS-LOT have received and reviewed the final consultation response(s) we will inform you of the anticipated date of issue.

I was also wondering if you are able to let me know when we should expect the formal scoping opinion from you? It would be very useful to know so that we can start planning work that relies on this information. If you are able to let me know that would be great.

Many thanks
