**Attachments:** INC1-EC-NEW-070-RNE-MOM-005 Ornithology Scoping Meeting 26 May 2017 for final review.docx

Hi [Redacted]

Please find attached the updated meeting minutes for ornithology. If everyone is okay with these I can finalise and pdf for final issue.

Thanks

# INCH CAPE OFFSHORE WIND FARM MINUTES

<u>Location:</u> Dundee City Council Office, Dundee		<u>Date:</u> 05/06/2017	
<u>Subject:</u> Scoping report meeting			
[Redacted]		[Redacted]	
<u>ICOL to issue minutes to MS:</u> 26/06/2017		<u>Meeting Start Time</u>	1430
		<u>Meeting Finish Time</u>	1530

ITEM	MINUTE
1.0	<p>█ an overview of the judicial review and current status of the project, with the Original Consent now back with ICOL and noting that the Revised Development is a standalone application.</p> <p>This was noted as being helpful.</p>
2.0	<p>█ questioned whether there was a time limit related to the Original Consent</p> <p>█ explained that there is no time limit specified in the Original Consent to commence construction, but there is an operational limit.</p>
3.0	<p>█ presented PowerPoint slides and discussed the EIA approach that allows ICOL to 'scope out' those elements of the Revised Development EIA that are unlikely to lead to a significant effect.</p> <p>It was generally discussed as being a sensible approach.</p>
4.0	<p>█ noted that the main area of consideration during the EIA for Dundee council will be the visual impacts.</p> <p>The wirelines and comparative ZTV were reviewed and it was discussed that the view point from Dundee Law would still be assessed in the revised development EIA, but there would be no additional viewpoints considered. GR confirmed that they are content with the 50km study area proposed.</p>

**To:** [Redacted]  
**Subject:** RE: Inch Cape - Issue of Scoping Opinion - Dates

Thanks for confirming the timelines [Redacted] will get the minutes over to you later today.

I was wondering if it would be possible to receive confirmation on the acceptability, or not, for the process proposed to validate the Commercial Fish baseline data- eg we are not proposing to carry out a full consultation starting from scratch. But to use the existing information we have, that from MS data (Scotmaps) and to validate this information with local fishermen and any of their representatives? It would be very useful in terms of timeframes to know this before receiving the Scoping Opinion in order to organise meeting etc. Would this be possible- we don't need it instantly, but it would be good to have this in the next couple of weeks if possible?

Many thanks in advance,

[Redacted]

**Subject:** Inch Cape - Issue of Scoping Opinion - Dates

Hi [Redacted]

We look forward to receiving the minutes from the meeting with Dundee City Council. As you will have seen, the Seagreen scoping opinion was issued for consultation yesterday afternoon.

The statutory timescale for issuing the scoping opinion is five weeks after the receipt of the last consultation response. Once MS-LOT have received and reviewed the final consultation response(s) we will inform you of the anticipated date of issue.

Kind regards

[Redacted]

**Subject:** RE: Inch Cape Offshore Wind Farm- Scoping Meetings with Local Authorities

Thanks [Redacted]

We've not heard back from any other local authorities, so I imagine that there won't be any other meetings at this stage now. We'll type up the minutes from the meeting and send on to you once Dundee CC are happy with them.

I was also wondering if you are able to let me know when we should expect the formal scoping opinion from you? It would be very useful to know so that we can start planning work that relies on this information. If you are able to let me know that would be great.

Many thanks

**Subject:** FW: Inch Cape Offshore Wind Farm- Scoping Meeting

Hi [Redacted]

Just to keep you guys posted, we've arranged a meeting with Dundee council. [Redacted] doesn't want to discuss anything in particular but would just like an overview of the process taken etc. Therefore I'm not sure if there's any need for anyone from MS to attend- but of course you are more than welcome to. We'll take minutes etc, but I think from the conversation I had with [Redacted] it really is just an overview of the process we've taken to scoping [Redacted] like.

Thanks

Subject: RE: Inch Cape Offshore Wind Farm- Scoping Meeting

Good morning [Redacted]

Thank you for your email and confirming that you'd like to have a meeting with us to discuss the Scoping Report.

I realise there is not a huge amount of time between now and when the responses to the Scoping Report are to be submitted to MS so its greatly appreciated.

We'd be able to come and meet with you on Monday or Wednesday next week (preferably) or Tuesday if neither of these days suit.

Similar meetings we've had have taken approximately an hour. In terms of the content we would really just like to give an overview of the process we've taken in scoping and to discuss any thoughts or questions you may have to help clarify the process to date. If there's anything in particular that you would like to discuss if you can let me know we can determine whether or not we would also need any of our consultants?

I look forward to hearing from you.

Kind regards,

[Redacted]

Subject: Inch Cape Offshore Wind Farm- Scoping Meeting

Dear [Redacted]

Dundee City Council were previously invited by Marine Scotland to attend a meeting to discuss the content of the recent Scoping report submitted by Red Rock Power for a proposed revised development at the Inch Cape Offshore Wind Farm (final invite attached for reference).

We've been carrying out a series of meetings with key consultees since the Scoping Report has been submitted and we are still keen to engage with you at this stage. The general feeling from these meetings has been that they've been beneficial to clarify any uncertainties presented in the Scoping Report and to discuss at an early stage any other thoughts consultees have.

We therefore would like to offer up this invite again. We are aware that there is not a huge amount of time between now and the time for any responses to the scoping report, however if you do have time between now and then we would of course be happy to come to you to discuss the scoping report and the scope of work proposed for the EIA.

If you do have availability could you please let me know what times you are available so we can hopefully get a meeting organised?

I've attached a link to the Scoping Report below if required:

<http://www.gov.scot/Resource/0051/00517517.pdf>

Please let me know if you have any queries, or if you would like a call to discuss please let me know and I can give you a call.

Kind regards,

[Redacted]

**Subject:** Inch Cape - Scoping Meeting - SLVIA - FINAL CONFIRMED TIME

Dear Sir/Madam,

Inch Cape Offshore Limited have recently submitted their Scoping Report and requested for a Scoping Opinion to MS-LOT for the revised Inch Cape Windfarm. This is currently under consultation, with a closing date of the **2<sup>nd</sup> June**.

MS-LOT are proposing to organise a series of meetings during the consultation period, to give stakeholders the opportunity to engage directly with the Applicant and clarify any questions or discuss any issues that may arise from a first review of the document.

Therefore, we would like to invite you to a meeting at Red Rock Power's offices, Edinburgh (address below) to discuss the '**Seascape and Landscape Visual Impact Assessment**' element of the report.

Agenda attached.

Final confirmed time and venue:-

**Date:** Monday 22<sup>nd</sup> May 2017

**Time:** 1pm-3pm

**Venue:** Red Rock Power's offices, 5<sup>th</sup> floor, 40 Princes Street, Edinburgh EH2 2BY

If you have any queries, or if you have any specific access requirements, please contact us.

TC and VC facilities will be available, please contact us to request the details if required.

Kind regards,

[Redacted]

**Subject:** ICOL - MoM - Biological Disciplines - MS-LOT comments on near final drafts

Hi [Redacted]

Further to our telephone conversation earlier this afternoon, MS-LOT comments on near final drafts minutes:

1. **Natural Fish & Benthic Ecology**  
Point 10.0 – please amend. The BOWL EMP includes the Invasive Non-Native Marine Species information – only one document to refer to, not “useful reference documents”.
2. **Ornithology**  
No further comments – happy to be issued as final.
3. **Marine Mammals**  
Point 17.0 – Please amend the final sentence to “FP advised that the Scoping Opinion will have a shelf life”, (currently reads “FP advised that the CIA projects agreed through the scoping...”).
4. **Commercial Fisheries**  
Action required regarding SFF’s comments on the final version TBC by MS-LOT.

Best

**Cc:** [Redacted]  
**Subject:** Inch Cape: SLVIA Scoping meeting minutes - to confirm

Hi all,

We have now addressed all comments with regards to the minutes. Please find the marked up version. We have taken on board all comments, with slight amendments to wording. Please note we do not recall any mention of Earl's Seat wind farm being discussed at the meeting, so this is the only point that we have not included.

Post meeting, the following was noted:

*Point 5 (ELC LDP)- was emailed around to ICOL on 07/06/2017.*

*Point 10 (additional information- wires, ZTV and study area)- Wires and ZTV were issued on 08/06/2017, and we note ELC's response that they were not in the position to scope them in or out at this stage as they were not provided prior to a response being issued.*

I will finalise upon confirmation that the attached is acceptable to all.

Thanks  
[Redacted]

**Cc:** [Redacted]  
**Subject:** Inch Cape - Scoping Discussion with Dundee City Council - MoM 05/06/2017 - MS LOT comments

Hi [Redacted]

Thanks for sending these through, only one quick comment from MS-LOT regarding point 2.0 in the minute, "TY explained that there is no time limite specified in the Original Consent to commence construction, but there is an operational limit."

Please note that condition 2 of the section 36 consent imposes a time limit for the commencement of construction, "The Commencement of the Development must be a date no later than 5 years from the date the consent is granted, or such other date from the date of the granting of this consent as the Scottish Ministers may hereafter direct in writing."

This would mean a deadline of **October 2019** for the Commencement of Works for the existing consent.

Kind regards

Hi [Redacted]

Please find attached the minutes from the meeting we had with Dundee Council, [Redacted] and [Redacted] attended- both of whom I've cc'd in.

I trust the attached is acceptable, please let me know if you have any queries.

Kind regards

[Redacted]

Thanks for this [Redacted]

I'll update accordingly. Are you around for a quick call? I tried calling but couldn't get through.

Thanks

Hi [Redacted]

Thanks for sending these through, only one quick comment from MS-LOT regarding point 2.0 in the minute, "TY explained that there is no time limite specified in the Original Consent to commence construction, but there is an operational limit."

Please note that condition 2 of the section 36 consent imposes a time limit for the commencement of construction, "The Commencement of the Development must be a date no later than 5 years from the date the consent is granted, or such other date from the date of the granting of this consent as the Scottish Ministers may hereafter direct in writing."

This would mean a deadline of **October 2019** for the Commencement of Works for the existing consent.

Kind regards
