Hi John

The third party from what we know is a local North Lanarkshire resident, [Redacted – Personal data relating to the Applicant – Reg 11(1)], well versed in the DM process. PAD/Minister have had 2 MACCS letters in the past from this third party, which [Redacted – Personal Data – Reg 11(2)] responded to, concerning the general opposition to incineration plants and how when they are approved at appeal it overrules local democracy, and on the planning bill providing communities with false hope that they are involved in the planning process.

The only link to Monica Lennon MSP is that she has been CC'ed by [Redacted – Personal data relating to the Applicant – Reg 11(1)] when sending both MACCS cases.

[Redacted – Personal Data – Reg 11(2)] can provide further background if needed.

[Redacted – Personal Data – Reg 11(2)]

Thank [Redacted – Personal Data – Reg 11(2)] for this comprehensive report. Ms Lennon is not the third party?
