Charles

Apologies for the delay. I didn't get the opportunity to go through the report in Shetland last week, but am currently rewording some of the report and have arranged to sit down with [REDACTED] this afternoon to run through the report and recommendations to ensure they fit with the information supplied by TSSC. The report should be ready to send by close of play today.

Apologies again.

Paul

Have these completed? As you can see, I am under some pressure to publish the completed reports.

Can you give me a brief update?

Thanks

Dear [REDACTED]

I note that two FHI inspections from 2016 remain unpublished.

2016-0208	Scadabay	22-06-2016
2016-0244	Scadabay	06-07-2016

I would imagine this is just an oversight, but please could you let me have copies.

Many thanks

Hi [REDACTED]

I have issues the reports in Aquadat. And just noticed that the case can't be closed anyways as you requested records for the CNA.

Thanks,

Hi [REDACTED]

That's all information transferred to the one case sheet, I've also added the same comment into each case.

I'll discuss with [REDACTED] when she's back to decide on best way to record the cases in Aquadat and will amend case sheets in LIMS accordingly.

Thanks
