Subject: GGC: Service redesign

Good afternoon Gillian: we get regular service change updates on Boards from the Scottish Health Council and it would be helpful to get NHSGGC's view on a couple areas highlighted in the SHC's most recent report so we can consider next steps, updating Ministers, etc.:

- (i) [REDACTED: SECTION 30(b)(ii)]
- (ii) [REDACTED: OUT OF SCOPE]

It would be really helpful if we could receive the above **by close next Wednesday, 28 March.**

Many thanks

Good afternoon Jonathan: thanks for forwarding the paper via Alan on [REDACTED: OUT OF SCOPE]

We also have an outstanding request for information on the [Board's review of breast services](#) – I've attached the relevant email chain [DOCS 1&2], for reference. **Grateful if we could receive this material along with the response to the [REDACTED: OUT OF SCOPE] request.**

Subject: [REDACTED: OUT OF SCOPE] and review of breast services

Jonathan: we don't appear to have had a response to our request of 12 April, copied below [DOC 3], that was due by close yesterday. We need to be able to respond to the Cabinet Secretary's [REDACTED: OUT OF SCOPE] query and the other outstanding request about the Board's review of breast services was originally made on 22 March (email chain attached).

Grateful for the requested info or confirmation when we will receive it by close today.

Dan
