

REASONS FOR NOT PROVIDING INFORMATION

Based on your request searches were undertaken on our legacy paper records database on the following terms to find files where the term features in the file title and contains papers from the specified period:

- Glasgow University and press releases – these terms are returning a large set of results, many of which may not be relevant to the information you are seeking. If you can supply additional search terms or topics to use in conjunction with these high level terms we will look to provide targeted results for you. When we receive this further information from you we will be able to respond to this part of your request, in accordance with FOISA, within 20 working days of when we receive that information;
- Professor Murdoch Baxter – no findings;
- Public Statements – the following files were identified but have all been destroyed in accordance with our standard records management practice:
 - DNC 7/8 – Publications/Publicity Education Forward Diary of Public Statements;
 - H2 ASSN/49/12 (Part 2) – Publicity (Press Cuttings, Ministerial Statements, Speeches etc);
 - H2 HO/STS/3/2/5 (Part 1) – Press Releases and Publications and MPs Statements;
 - H2 HO/STS/3/2/5 (Part 2) – Press Releases and Publications and MPs Statements;
 - H2 HO/STS/3/2/5 (Part 3) – Press Releases and Publications and MPs Statements;
 - JDA 33/40 – Education – Forward Diary of Public Statements;
 - KVA 14/6 – Ministers Forward Programme and Forward Diary of Public Statements;
 - RPY 19/2/9 – Public Statements on Programme;
 - VEA 1/14 – Education Forward Diary of Public Statements
- Environment Communications – the following files were identified but have all been destroyed in accordance with our standard records management practice:
 - PZE 1/6 (Part 1) – Environment, Transport and Communications;
 - PZE 1/6 (Part 2) – Environment, Transport and Communications
- Scottish Universities Research and Reactor Centre – the following files were identified but have all been destroyed in accordance with our standard records management practice:
 - DNS 1/8 – The Scottish Universities Research Reactor Centre;
 - EQJ2 3/20 – Aerial Monitoring with Scottish Universities Research and Reactor Centre;
 - IPC 8/192 – Scottish Universities Research and Reactor Centre;
 - IPR 7 (Part 1) – Whole Body Monitoring Scottish Universities Research Reactor Centre;
 - IPR 7 (Part 2) – Whole Body Monitoring Scottish Universities Research Reactor Centre;
 - OGD 3/4 – Scottish Universities Research and Reactor Centre;
 - UFR 5/39 – Scottish Universities Research and Reactor Centre - Emergency Procedures

The following files were also identified for this term. We are unable to locate one of the files and the other two are held by National Records of Scotland (NRS). If you feel that the files held by NRS may be of interest you can place an advance order to view the records via the Online Public Access Catalogue (OPAC) at <http://catalogue.nrscotland.gov.uk/nrsonlinecatalogue/welcome.aspx>:

- IPB 4/3/2 - Scottish Universities Research and Reactor Centre, East Kilbride – held by NRS (NRS Reference: DD9/384);
- IPF 34 (Part 1) - Scottish Universities Research and Reactor Centre – held by NRS (NRS Reference: DD9/349);
- IPH 2/28 - Scottish Universities Research and Reactor Centre – unable to locate. On the basis that the other files we have identified for this search term (which are from a similar time period) have either been destroyed or sent to NRS for archiving there is a strong chance that the file has been destroyed but our database has not been updated to reflect this action. We will continue to pursue this and will advise you if we have been successful in locating it.

You may be able to obtain copies of public statements and press releases attributed to, or written by individuals working for the Scottish Government during the stated period from the National Library of Scotland. They can be contacted on 0131 623 3700 or via their website at <https://www.nls.uk/using-the-library>.
