Subject: PPC Response

The Cabinet Secretary has considered. She would like to include a paragraph or two on what was outlined yesterday at the Rural Workshop re the SLWG's next steps including how this is an opportunity to look constructively on the wider design and delivery on remote and rural healthcare settings. I've also included, in track, a minor change to the final paragraph in the attached note.

Many thanks,

Subject: RE: Draft Briefing for rural workshop and updated petitions committee response

Please find attached a slightly amended version of the cover note to the petitions committee. This reflects the recent publication of rural case studies.

This committee has requested a response by this Friday (7 June) so grateful if you could advise if the Cabinet Secretary is content with the response or whether we need to make any changes.

Kind regards

Subject: Draft Briefing for rural workshop and updated petitions committee response

Please find attached:

1. Draft speaking note and briefing for Cab Sec's attendance at the rural working group on Tuesday. This will be likely be revised following our meeting with the Cab Sec tomorrow afternoon;
2. An updated cover note to the petitions committee on 'medical care in rural areas' held on the 9th of May. Again this can be amended to suit Cab Sec's preferences following meeting tomorrow.

Thanks
