Subject: M8 J2 WB Slip - Large Pot Hole

CAUTION: This email originated from outside of the organisation. Do not click links or open attachments unless you recognise the sender and know the content is safe.

Hi,

I was driving home and on the West Bound sliproad of the M8 at J2 there is a large pot hole close to the hard shoulder where it looks like a previous repair has taken place. I have attached a couple photos of the pothole and a map so you can locate this as its highly dangerous.

It has cause damage to two of my alloys that I could see tonight as I had to drive slowly home. I would like to put a claim in for this as this is unacceptable on a motorway.

Thanks, redacted
