

## Notification of Construction Project

Jacobs Project No:

B1557630

### Notes

- Under CDM 2015, the responsibility for notifying notifiable projects rests with the Client. However, the Client can ask someone else (e.g. the Principal Designer) to notify on their behalf.
- This form can be used to notify any project covered by CDM which will last longer than 30 days AND have more than 20 workers on site at any time, OR 500 person days. It can also be used to provide additional details that were not available at the time of initial notification of such projects. (Any day on which construction work is expected to be carried out should be counted, even if the work on that day may be of short duration. A person day is one individual, including any supervisor or specialist, carrying out construction work for one normal shift).
- The form should be completed and sent to the HSE or the Office of Nuclear Regulation or the Office of Rail Regulation office covering the site where construction work is to take place. Where the client delegates Jacobs to notify, you should send notification as soon as possible after the Principal Designer has been appointed to the project.

**1. Is this the initial notification of this project or are you providing additional information that was not previously available?**

Initial notification

Additional notification

**2. What is the date of forwarding this notification or provision of additional information?**

12 September 2017

Various addresses see item 5 below.

Postcode AB16 7TQ

**4. What is the name of the Local Authority where the site is located?**

Aberdeen City Council

**5. Give a brief description of the project and the construction work it includes**

This notification is an update of initial notification of the A90/A96 Haudagain Improvement Scheme online on 5 June 2014 by Jacobs as CDM Co-ordinator. This involves the demolition of 129 residential premises, in Middlefield Housing Estate, in an area bounded by Auchmill Road, North Anderson Drive, Manor Avenue and Logie Place, utilities diversions and the construction of a dual carriageway from the A90 North Anderson Drive with the A96 Auchmill Road, with a link connecting Manor Avenue to the new road.

This update relates to a demolition and refurbishment asbestos survey encompassing 139 properties.
