* An exemption under section 38(1)(b) of FOISA (personal information) applies to some of the information requested (Question 10) because it is personal data of a third party, i.e. names of individuals, and disclosing it would contravene the data protection principles in Article 5(1) of the General Data Protection Regulation and in section 34(1) of the Data Protection Act 2018. This exemption is not subject to the 'public interest test', so we are not required to consider if the public interest in disclosing the information outweighs the public interest in applying the exemption.

** Section 17(1) of FOISA (information not held) requires the Scottish Public Pensions Agency to notify you if it does not have the information you requested. The Scottish Public Pensions Agency (SPPA) is an Agency of the Scottish Government, however the Oracle based contracts are managed centrally by the Scottish Government. While our aim is to provide information whenever possible, in this instance we do not hold the information you have requested.
