#### Notes:

- 1 Catch data can be released unless an exception under the EIRs applies
- 2
  - a) We cannot release the river-level data for the Allt Graad as we don't hold the data at river-level prior to 2016. Catches for the Allt Graad from 2016-2019 cannot be released due to Regulation 11(2) (personal data of a third party). Catches for the river Sgitheach cannot be released due to Regulation 11(2) (personal data of a third party).
  - b) Other than the attached data, the fishery-level data that we hold cannot be released due to Regulation 11(2) (personal data of a third party)
  - c) We hold net and coble catch data for two fisheries near the Sgitheach; these data cannot be released due to Regulation 11(2) (personal data of a third party)
- 3 MSW (Multi sea-winter salmon), 1SW (one sea-winter salmon)
- 4 Marine Scotland Topic Sheet 67 provides maps of districts and regions used in respect of salmon and sea trout fisheries data and may be downloaded at:  
[Collecting the Marine Scotland Salmon and Sea Trout Fishery Statistics](#)
- 5 Marine Scotland Topic Sheets 68 and 69 summarise the salmon and sea trout returns respectively and may be downloaded at:  
[Marine publications: information on Scottish salmon and sea trout statistics](#)
- 6 These data are the summations of reports from individual fisheries; no attempt has been made to correct the data for non-returns or incomplete information held in the register of proprietors and occupiers.
- 7 These data are provided as the most complete at the time of publication. Our records are amended when further information becomes available and updated annually in April when the statistics for the most recent fishing season are published.
- 8 Marine Scotland has no objection to the data contained here being used in third party reports. We would, however, ask that the data is acknowledged as Crown Copyright and the source as Marine Scotland.
