Subject: local authorities acting as Child Welfare Reporters

Dear [REDACTED],

I work in the Family Law Team within Scottish Government and am leading on the Children (Scotland) Bill which was introduced into the Scottish Parliament on 2 Sept 2019. We have sent the attached letter to the Society of Local Authority Lawyers and Administrators. We are sending this to you for your awareness as it relates to social workers being asked by the court to produce Child Welfare Reports.

Kind Regards
