I expect PHS and PHE will have a point of contact – but Test and Protect here and Test and Trace in England will do the followups needed proactively.

Worth checking with Jason when he comes off the briefing.

I am getting several calls and emails from the Avanti press office about this.

Who should Avanti be sending worried passengers to?

Hi [Redacted]— as I was trying to explain to your colleague, Ms Ferrier's occupation is of no interest or relevance to us. The reason we are approaching yourselves is because we have been informed by the Speaker's Office that NHS Scotland is dealing directly with this so we want to ensure we give out the appropriate information to staff members or members of the public who are concerned about whether they have come into contact with Ms Ferrier. Please can you advise? Best wishes,

Hi,

It's not one for SG – I'm not quite sure what we're being asked here, other than confirming this is an issue for the relevant NHS contact tracing teams either side of the border?

Hi [Redacted] – could you give me a call about this please? We're being asked questions by staff and customers about Margaret Ferrier's journey on our services and we want to give out the right information to people who may be concerned that they have been in contact with her. I have been informed by the House of Commons' Speaker's Office that NHS Track and Trace team have the information about this and are the right organisation to direct queries to but need to confirm that directly.
