Subject: RE: National Advisory Committee Chronic Pain review - mental health representation

Thank you for your help, much appreciated! Please send on any contact you think might be suitable from SamH.

Also - yes, very keen for us to continue to build links – would be great to have your input as we work to deliver the new Framework for Pain Service Delivery as per the PfG and other activities across long term conditions.

I'll set up some time for us to have a catch-up in the New Year if that sounds of interest?

Thanks again,
[redacted]

Subject: RE: National Advisory Committee Chronic Pain review - mental health representation

Hello [redacted],
Thank you for sharing this with us, I appreciated, I have shared this with the wider division to review. They agree SAMH would be a good stakeholder and I am just waiting confirmation of a good contact for you if you're interested?
I think it seems sensible to build on being brought together through prescribing. I am sure our policy areas might have a bit more in common than the drugs...
Regards,
[redacted]

Subject: National Advisory Committee Chronic Pain review - mental health representation

Hi [redacted],

[redacted – out of scope]

I was just getting in touch following Ministerial approval of a review of the NACCP under the new Chair John Harden, Deputy National Clinical Director.

One of the recommendations was to increase representation of mental health expertise, and we had proposed extending membership of the Committee to SamH. I imagine you have some interaction with the charity, so just wanted to check in for your thoughts on this before we proceed?

Thanks,
[redacted]

Subject: RE: Pain Management Programme

Hi [redacted]

Thanks for this resource and your time earlier. I have discussed this with my manager and we are pleased to make a preliminary offer to Affa Sair to join the NACCP.

Please note that the offer is preliminary as that there is Ministerial oversight of all chronic pain policy decisions, and I will update you as soon as I can once we have had the Minister's response (likely next week).

Until then, we would ask for your discretion in discussing this with other members of the Patient Reference Group or more widely at this stage. We will provide an update to the wider Committee and Reference Group in due course.

Finally, you may have already received the papers and agenda for the forthcoming NACCP meeting via the Patient Reference Group, but I have attached them again here just in case. As I highlighted on our call, there is a refreshed Terms of Reference and Role Profile for Committee members, and Dr

Harden will speak to these at the meeting. Please also hold the meeting time/date in your diary: 2nd February 2pm – 3.30pm.

Many thanks again, and please do get in touch if you have further queries before I'm back in touch next week.

Best wishes,
[redacted]
