

Annex

The Scottish Government does not have some the information you have asked for. Records relating to transportation of documents prior to 08 January 2020 have been routinely destroyed in accordance with our records management practice, before the date of your request.

This is a formal notice under section 17(1) of FOISA that the Scottish Government does not have some the information you have requested.

An exemption under section 38(1) (b) of FOISA applies to some of the information you have requested. The disclosure of personal addresses of Ministers and officials would contravene any of the data protection principles in Article 5(1) of the UK GDPR.

An exemption under section 39(1) of FOISA applies to some of the information you have requested. The disclosure of journeys for the First Minister, Lord Advocate and Solicitor General, could allow the identification of journey patterns and would, or would be likely to, endanger the safety of an individual.

This exemption is subject to the 'public interest test'. Taking account of all the circumstances of this case, we have considered if the public interest in disclosing the information outweighs the public interest in applying the exemption. We have found that, on balance, the public interest lies in favour of upholding the exemption. We recognise that there is some public interest in release, because the public may wish to know the occasions where documents have been transported to or from the First Minister, Lord Advocate and Solicitor General. However, this is outweighed by the public interest in ensuring the safety of individuals.

List of journeys where Government Car Service has been used for the transportation of documents since 08 January 20.
