

## **REASONS FOR NOT PROVIDING INFORMATION**

An exception under regulation 11(2) of the EIRs applies to some of the information you have requested. Reg 11(2) (Personal data relating to third party).

An exception under regulation 11(2) of the EIRs (personal information) applies to some the information requested because it is personal data of a third party and disclosing it would contravene the data protection principles in Article 5(1) of the General Data Protection Regulation and in section 34(1) of the Data Protection Act 2018. This exception is not subject to the 'public interest test', so we are not required to consider if the public interest in disclosing the information outweighs the public interest in applying the exception.

An exception under the regulation 10(5)(g) of the EIRs applies to some of the information you have requested. Reg 10(5)(g) (Protection of the Environment).

An exception under regulation 10(5)(g) of the EIRs (Protection of the Environment) applies to some the information requested because it refers to a protected species under law and disclosing it into the public domain (as all FOI requests are routinely published) would cause substantial prejudice to the environment by information such as location or site details being in the public domain.

Documents listed below have some information redacted under the regulation 10(5)(g) of the EIRs (Protection of the Environment)

(V) Appendix C – Species map v2 verified 201120  
Verified map 2 constraints v2 220520
