

Annex A:

Military Assistance requested by NHS Grampian

Military support is sought to achieve safe staffing levels within key service areas of NHS Grampian. The task is focusing on additional resource within Aberdeen Royal Infirmary, to support ongoing mitigation/improvement work in both SAS and in our discharge process. There is a programme of improvement work that will conclude in the beginning of November.

This data has been reviewed, risk assessed and refined by the System Leadership Team to establish the core request. This review has resulted in the following additional staffing request to be deployed across the system:

Resource Request	Clinical Area requesting Support
5 Registered Nurses 5 Combat Medical Technicians	Emergency department
20 Registered Nurses 20 Combat Medical Technicians	Medical Wards – 102, 103, 105, 107, 110, 303, 304, Rosewell House
3 Registered Nurses	Discharge Lounge
6 Registered Nurses 6 Combat Medical Technicians	Intensive Care Unit

This support is requested for a period of four weeks.
