Subject: SG Flooding Policy Team - Request for point of contact at Dynamic Coast

Hi [Redacted]

It's been a long time since we caught up. I hope you're keeping well – it's been such a strange year / 18 months. [Redacted]. The flood projects take up the rest as I'm sure you'll appreciate.

I've a request for a little assistance just now. I'm looking to contact the Dynamic Coast project. I definitely fed information from the Musselburgh Scheme to them a few years ago to assist their coastal assessments, but this was through to one officer at SEPA and I have lost that contact. I need a strategic conversation to understand what they have achieved thus far and whether anything they have done / will do could be of benefit to absorb into the Musselburgh Flood Protection Scheme. We remain committed to the ethos of the act and to using natural / sustainable / catchment methods of FRM where possible.

Your thoughts would be appreciated.

Conor,

Great that tomorrow suits - I'll get the meeting arranged when I hear back later on.

Thanks, [Redacted]

Hi [Redacted],

Many thanks for the quick response. I will reply in a few hours when I'm in Haddington at my ELC laptop.

Tomorrow will work but I need to make a few calls to sort diary first.

Regards,
Conor

Conor,

No pressure on this one but if you had a quick few bullet points on key discussion points, it may be worthwhile sending this through pre-meeting just to get [Redacted] and [Redacted] up to speed given the complexities.

Thanks, [Redacted]

Hi Conor,

Further to our chat on Friday, are you available on Tuesday morning for a Teams call with [Redacted], [redacted] and I on the issues discussed?

We are all free 10.45-1 – does anytime between then suit? Let me know what suits you best and I can set up the call. (Alternatively also free 4-5 but may not be best for your timescales).

Thanks, [Redacted]
