**Subject:** RE: Exercise ALICE Report

Thanks for this [redacted]

Unfortunately, the report is yet to be signed off – I'll let when we've got it!

**[redacted]**

I was just wondering if you have a report from Ex ALICE which you would be able to share with the SG? Some of the issues that came up, and particularly some of the things affecting PHE guidance will also have implications for Scotland, and I'm keen to make sure we're sighted/on the front foot where possible.
