Morning Jackie,

Apologies for the delay in getting back to you and thank you for sending across the points you wish to discuss.

Thank you for suggesting preparing a briefing note, I think that would be helpful in advance of the meeting.

Many thanks

Subject: Meeting with Minister for Public Health

Good afternoon Jackie,

Hope you are doing well.

With regards to the meeting with the Minister for Public Health and Women's Health on June 20th. In order for us to make the time as productive as possible, I'm hoping you will be able to share some key points you would like to discuss and I can start to pull together an agenda for the meeting.

Many thanks

Subject: RE: Communication with SDS

Hi Lynn/All

Many thanks for meeting up yesterday – and for the follow up information/contacts etc about the multiple ways of promoting careers in Environmental Health.

And just to reiterate, very happy to act as point of contact with others across SG - and potentially those outwith SG such as FSS, the Society - who might have an interest in these channels of promotion/communication.

I'll let you know when there's further movement on the Modern Apprenticeship front and link you/your colleagues up with those more closely involved in getting this off the ground – I'm sure the launch of the MA offers a good opportunity for further promotion of the sector.

Regards
