

ALCOHOL AND DRUG PARTNERSHIP ANNUAL REPORTING TO THE SCOTTISH GOVERNMENT 2021/22:

- I. Delivery progress
- II. Financial framework

This form is designed to capture your **progress during the financial year 2021/22** against the of the **Rights, Respect and Recovery strategy** including the Drug Deaths Task Force **emergency response paper** and the **Alcohol Framework 2018**. This will not reflect the totality of your work but will cover those areas which you do not already report progress against through other processes, such as the MAT Standards.

We recognise that each ADP is on a journey of improvement and it is likely that further progress has been made since 2021/22. Please note that we have opted for a tick box approach for this annual review but want to emphasise that the options provided are for ease of completion and it is not expected that every ADP will have all options in place. We have also included open text questions where you can share details of progress in more detail. Please ensure all sections are fully completed. **You should include any additional information in each section that you feel relevant to any services affected by COVID-19.**

The data provided in this form will allow us to provide updates and assurance to Scottish Ministers around ADP delivery. We do not intend to publish the completed forms on our website but encourage ADPs to publish their own submissions as a part of their annual reports, in line with good governance and transparency. All data will be shared with PHS to inform drugs policy monitoring and evaluation, and excerpts and/or summary data from the submission may be used in published reports. It should also be noted that the data provided will be available on request under freedom of information regulations.

In submitting this completed Annual Reporting you are confirming that this partnership response has been signed off by your ADP, the ADP Chair and Integrated Authority Chief Officer.

The Scottish Government copy should be sent by **Friday 5 August 2022** to:
alcoholanddrugsupport@gov.scot

COMPLETION TIMETABLE: (will be deleted before it is sent to SG)

1.7 If you would like to add any additional details in response to the questions in this section on Education and Prevention, please provide them below (max 600 words).

A Rapid Response Team within our Assertive Outreach service has a goal of outreaching all the people at risk of drug and alcohol harm within maximum 48 hours to provide harm reduction, advice, support and onward referrals if required. Assertive Outreach has been successful in

securing funding for Early Intervention Practitioner through Scottish Improvement Fund. The Coordinator will focus on supporting people with substance use who are getting involved in criminal activities and will work closely with the Custody Suites staff, Community Policing Teams as well as Defence Lawyers and Community Justice to identify people at risk and support them (including addressing their substance use) before their criminal behaviours escalate. This is to support the alternative to custody pathways in West Lothian.

WLDAS received funding to provide a Naloxone Champion for West Lothian and during the 2021/2022 financial year 33 organisations were provided training to either administer and supply THN (195 individuals) or administer Naloxone only (292 individuals) to help educate organisations and individuals to thus, hopefully assist in reducing drug related deaths. In addition, WLDAS has been working in partnership with NHS Harm Reduction Team to assertively provide IEP/harm reduction advice/interventions to individuals within their own homes or other appropriate locations across West Lothian.

2.3 How do you respond to feedback received from people with lived experience, including that of family members? (max 300 words)

Click or tap here to enter text.

Care Opinion has been implemented across CGL services. Friends and Family SMART group is being established in Recovery Service. Feedback and evaluation are solicited from the service users after every 1-1 and group work attendance. Service Users Involvement Representatives are present in CGL services in West Lothian. All feedback is responded to in a timely manner and the response are made public through Care Opinion webpage and display boards in the waiting areas. WLDAS service users are provided with an evaluation form to complete and return in a pre-paid envelope. All feedback is shared with staff and management and any concerns raised are addressed promptly and 'good news stories' from evaluations are documented and shared. Furthermore, WLDAS has a well-established Service User Advisory Group (SUAG) who are actively involved in regular client surveys/research as well as making their own recommendations to enhance service delivery. All feedback received is discussed at management level and where appropriate changes are made from recommendations/feedback received. WLDAS' General Manager attends SUAG regularly reinforcing the credibility of continued service user involvement. WLDAS Family Support group feedback is also discussed at management level and again recommendations/concerns are listened to and acted on appropriately. This group also has links with the SUAG. WLDAS' General Manager also attends the Family Support group regularly.

2.4 Please can you set out the areas of delivery where you had effective arrangements in place to involve people with lived experience?

Yes
No

Please provide details (max 300 words) [Click or tap here to enter text.](#)

All staff are being trained in trauma informed and psychologically informed practice to comply with MAT 6 and 10. WLDAS has been funded to deliver a groupwork programme with psychoeducation groups on Anxiety, Depression, Survive and Thrive, Wellbeing etc. Groupwork has already begun assisted by NHS Lothian Psychology. Referrals can be made to statutory MH services where that is required.

2.8 Please describe your local arrangements with mental health services to enable support for people with co-occurring drug use and mental health (max 300 words)

Partnership meetings with all the partners from the addiction partnership 3 times a week where all the referrals are discussed and allocated appropriately to the needs. Referrals at the point of need. MH and addictions services are co-managed and referrals can be made between each services. There is a programme of improvement to develop single care plans across both services.

2.9 Did the ADP undertake any activities to support the development, growth or expansion of a recovery community in your area?

Yes
No

2.10 Please provide a short description of the recovery communities in your area during the year 2021/22 and how they have been supported (max 300 words)

Recovery Service provides a variety of recovery-oriented activities from its premises in Bathgate and in the satellite location (Blackburn). We recognise that the people who access our service are often marginalised within their communities and, as a result, become socially isolated that can often result in lapses. In 2021 we were eager to relaunch our community options as quickly as possible but realised that this had to be measured against the potential risk of COVID infection. In September 2021, we decided that the benefits and mitigations available outweighed the risk. We trialled a recovery Café style event in our Bathgate Hub. Approximately 20 service users and community members attended, enjoyed some food, take part in a recovery meeting and enjoyed a few bingo games. Following the success of this event, we were determined to provide community-based activity on a regular basis, identifying Blackburn Partnership Centre as an ideal location due to its accessibility, the need within the local area and the facilities available. We launched on the 27th of September and welcomed 12 people to the first Blackburn Recovery Café that takes place every Monday between 12:30-15:30, allowing a mixture of fun activities, a casual social environment and will always have a recovery-focused group/meeting scheduled throughout the day. Our aim is to build a sense of identity within the West Lothian Recovery Community, making Recovery visible and attractive for those seeking to break free from addiction, so we are continually looking to take part in any recovery focused activities and have supported our service user/ community members to attend the Recovery Games held in Forth Valley and the Recovery Walk in Perth. Plans for the future include expanding the Recovery Cafes across the West Lothian locality.

2.11 What proportion of services have adopted a trauma-informed approach during 2021/22?

- All services
- The majority of services
- Some services
- No services

Please provide a summary of progress (max 300 words)

Effective partnership links with the Psychology Department to assess trauma training have been in place. Partners attend a trauma and psychological therapy subgroup. Training is being rolled out across partners and walk throughs are being planned.

2.12 Which groups or structures were in place to inform surveillance and monitoring of alcohol and drug harms or deaths? (mark all that apply)

- Alcohol harms group
- Alcohol death audits (work being supported by AFS)
- Drug death review group
- Drug trend monitoring group / Early Warning System
- Other Please provide details...

2.13 Please provide a summary of arrangements which were in place to carry out reviews on alcohol related deaths and how lessons learned are built into practice. If none, please detail why (max 300 words)

Incident reporting and learning from incident are implemented across the CGL services. There is currently no capacity to meaningfully carry out alcohol death reviews.

2.14 Please provide a summary of arrangements which are in place to carry out reviews on drug related deaths, how lessons learned are built into practice, and if there is any oversight of these reviews from Chief Officers for Public Protection. (max 300 words)

In service deaths are reviewed robustly. Out of service deaths will be reviewed on a regular basis with all the partners present. All deaths are analysed centrally within NHS Lothian.

II. FINANCIAL FRAMEWORK 2021/22 (Should be completed by Chief Financial Officer)

Your report should identify all sources of income (excluding Programme for Government funding) that the ADP has received, alongside the funding that you have spent to deliver the priorities set out in your local plan. It would be helpful to distinguish appropriately between your own core income and contributions from other ADP Partners.

It is helpful to see the expenditure on alcohol and drug prevention, treatment & recovery support services as well as dealing with the consequences of problem alcohol and drug use in your locality. You should also highlight any underspend and proposals on future use of any such monies.

A) Total Income from all sources

| Funding Source (If a breakdown is not possible please show as a total) | £ |
|--|---|
