Subject: Fwd: Assessment of the impact of the removal of glass

Kevin

This should be the info you need. I will call before we send the letter.

We are very worried about the implications. Firstly financial implications for Circularity Scotland and also the damage to the credibility of the scheme. [Redacted]. Clearly if a change of this scale is made a couple of weeks after the FM said it was out of the question to remove glass then they are not going to believe March will hold.

Kevin

We have reviewed the impact of glass removal from the scheme on us, our suppliers, our stakeholders and other actors affected by this change. The impacts are so significant that we intend to provide the detailed analysis to the First Minister.

Please see attached the letter we will be sending – it should contain all that your team needs to complete the Minister’s briefing paper. [Redacted] will give you a call before we send it.

Best wishes

[Redacted], [Redacted]

I think we agreed that you would send me the presentation we discussed today. It would be helpful to have that today if possible but if not could you please copy in Elisabeth Campbell and [Redacted] (in copy list) as I will be on leave on Monday.

Happy to discuss

Thanks
David
