Colleagues,

As you are aware the Cabinet Secretary is speaking in the Scottish Parliament tomorrow on the NHS Recovery Plan, and the Winter Resilience Plan.

After a pre-meet today, the Health Secretary has asked if we can provide the below statistics: grateful to know if these are possible?

1/ A comparison in A + E delays from July and August 2021 to now,
[REDACTED, s30(b)]

Alongside this, comparisons with England and Wales from the same time period.

2/Progress on planned care; comparison between progress in Scotland and UK on long waits, especially the 1 year wait target.

Grateful to know if these comparisons can be picked up, please.

Many thanks

Hi [REDACTED, s38(b)]

Thanks for this – the Strategic Briefing Unit will be providing the opening statement, a briefing pack and the Q+A.

On the statement, as the FM needs to see it, we are planning to send you a draft by close of business tomorrow, for the Cabinet Secretary to review by Thursday if possible - so that we can put to FMPO by the end of business on Thursday.

The briefing pack we plan to provide to Private Office on Thursday.

Separately, we will liaise with [REDACTED, s38(b)], on the Q+A section, which we will provide when it is ready and up-to-date.

For the title, we thought 'NHS Recovery and the Winter Resilience Plan Update' would cover the topics – but welcome [REDACTED, s38(b)], views.

Hope this helps, and please contact myself or the team if you have any questions.

Best wishes,

Grateful for confirmation of the statement title ASAP with [REDACTED, s38(b)], to put to Cab Sec for approval

As discussed earlier, we are commissioning the statement, a Q&A document and a general briefing, please liaise with [REDACTED, s38(b)], re: likely Q&A questions.

Mr Yousaf will have 10 minutes to deliver the statement (without interventions) followed by 20 minutes for questions.

A pre-meet has been arranged for Monday 3rd October at 15:15, please let PO know ASAP which officials should be invited.

Grateful to know that this has been picked up.

Finally, please let PO know if we are publishing anything in tandem with the statement as per the guidelines below.

Hi everyone,

Please see below details of a Ministerial Statement scheduled for Tuesday 4th October.

1735-1805 Ministerial Statement: Health & Care Recovery and Winter Planning

Your Minister will have 10 minutes to deliver their statement (without interventions) followed by 20 minutes for questions.

Please ensure that between now and the statement you:

- Confirm to us as soon as possible whether there will be any documents published to accompany the statement. Documents should be published on the day of the statement, at the start time shown above. An embargoed copy of the document must be sent to the Minister for Parliamentary Business mailbox alongside the text of the statement (deadline below) and will be circulated, in confidence, to opposition parties one hour before the statement.
- Have the **First Minister** clear the final text of the statement in advance of it coming to us (discuss timeline with First Minister's Private Office).
- Include "CHECK AGAINST DELIVERY – EMBARGOED UNTIL [1735]" in the header and remove all tracked changes before **sending to our office** no later than 90 minutes before the statement start time. We will circulate this alongside accompanying embargoed documents to opposition parties.
- **Circulate** the final statement text to all Ministers 60 minutes prior to the statement being made.

Please Note: the timing of this statement is subject to change as we finalise timings for the Emergency Bill w/c 3 October.

Thanks,

Hello all,

Further to my email last Friday, I have an update on the debate, and a new deadline for material for the associated briefing pack.

As a result of rescheduling events in Parliament, the planned debate, originally set for the 27th, **is now a statement in Parliament from the Cabinet Secretary on 4 October on the publication of the NHS Recovery Plan annual updates and the winter resilience plan, followed by questions on both.** The timeslot for this activity is yet to be confirmed, but is expected to be the afternoon.

As such, **you are required to review the briefing pack, linked to [here](#), and finalise your contributions by COP 23 October.**

With thanks to those who have already added in contributions, please note that some of these require to be updated further, and there are notes reflecting this in the pack.

FOI: Statement on the NHS Recovery Plan and Winter Overview

Please also note that I have just tested positive for COVID and am unlikely to be online again for the rest of the week. As such, any questions about the statement or the briefing pack should go to [REDACTED, s38(b)], in the first instance.

Thanks,

Hello all,

As you may be aware, there is a significant amount of work going to rearrange scheduled activity in Parliament at present, and I have been informed by the Cabinet Secretary's PO that this is set to impact this debate.

Details are currently being finalised, but the debate is set to be moved into the first week of October. **I will confirm the details of the rearranged session as soon as possible, but wanted to highlight that although the briefing pack will still be required, the deadline of contributions by COP 16 September is no longer active.**

If you have material that you can add tomorrow, please do so, but a new deadline will be issued shortly once I have the updated schedule.

Please do let me know if you have any immediate questions, otherwise I will be in touch shortly with further details.

Kind regards,

Thanks to those who have already added contributions to the briefing pack.

Given the time constraints involved, policy leads may wish to consider adapting existing lines prepared for the recent HSCSC session commissions on PfG and winter pressures, as there should be a significant overlap in the content.

Happy to chat if anyone has any questions or is likely to face any issues with the deadline.

Dear colleagues,

As you may be aware, the Cabinet Secretary is due to lead a debate on NHS Recovery Plan progress and winter resilience preparations, on the afternoon of 27 September.

The debate will coincide with the publication of the latest NHS Recovery Plan annual update and will announce the publication date for the upcoming winter resilience plan.

We require contributions to the briefing pack linked to below by **COP 16 September**.

All updates should be entered directly into this file: [270922 - NHS Recovery Plan and winter resilience debate briefing pack details - Objective ECM \(scotland.gov.uk\)](#)

In particular, we require the following:

- Top lines and key statistics reflecting activity for your policy area, noting any recent improvements and any mitigations for upcoming winter pressures.
- Robust Q&As that anticipate and respond to like lines of criticism that may come up during the debate.

Hello all,

Further to our meeting yesterday, I wanted to check in the following requests:

- Please may I ask for drafts of the current NHS Recovery Plan annual update to be shared, to help shape planning for opening remarks and defensive lines that'll be required for the debate.
- Please may I ask what time of day the NHS Recovery Plan annual update is due to be published on 27? The Cabinet Secretary will be attending the Health, Social Care and Sport Committee on the morning of the 27 and will; require additional briefing if the Committee members will have had access to the report at that point.

I'm keen to help support the commission for the briefing for this debate to go out by COP today, but require information on the above before that can be actioned, so all help is appreciated.

Thanks,

Hi [REDACTED, s38(b)]

Can I also just bring to Cab Sec's attention that a line on MDT funding was added to both documents (p5 and p11) – this is already included in his statement and was accidentally missed from the drafts.

“To support this, we have increased funding for multi-disciplinary teams (MDT's) to £170 million this year, which will be the minimum funding position for future years.”

If you could confirm Cab Sec is content for APS to publish at 17:35 that would be great. Thank you.

Mr Yousaf is content, although he has commented that in the Winter document some of the priority headlines are in very light grey writing that effectively blends into the white background, so would change the colour to something darker.
