The strategic assessment for the NTC in Cumbernauld has been received and noted by the Scottish Government Capital Investment Group. NHS Lanarkshire have now been requested to move to the next stage in the planning process and to develop an initial agreement for the new facility. This is now underway.

Hi [Redacted]

A41098494 – there is an SA saved in erdm from Lanarkshire (October 2022) – sorry I cannot copy any links. I'm am not aware that this has yet made its way to CIG – but it was signed off at NHS Lanarkshire board.

Thanks [Redacted],

I had a look at the stocktakes and had worked out it must have gone to them Sept/Oct time so glad to see it lines up with my detective work!

I've had this from [Redacted]

Hi [Redacted], [Redacted] has asked about this too and [Redacted] has passed on the SA original e-mail. I am guessing that you will get a response from [Redacted] if this is actually assigned to you. CIG do not actually consider SAs and have never approved one - it is essentially for note and gives CIG a heads up that an IA is coming, I think NTC Lanarkshire is the first one to pass an SA to CIG. G

So hopefully I can pull together an explanation that it's not quite what the SA does though the stocktakes make it look like Lanarkshire are expecting sign off too.

[Redacted]

Yes it was received in November last year. CIG don't actually approve strategic assessments, we just note them, so I would suggest our response is:

The strategic assessment for NHS Lanarkshire's National Treatment Centre was submitted to the Scottish Government Capital Investment Group (CIG) in November 2022. As with all strategic assessments, it was noted by the CIG and NHS Lanarkshire have been asked to move to the next stage in the planning process and to develop an initial agreement for the new facility, which is now underway.

I don't think we need to say anything more than that.

Regards

Hi [Redacted],

For the background note I've reviewed the Twitter account for Mark Griffin MSP there's nothing there relating to his question I was unable to find a Facebook account. I've included the press enquiry relating to the NTC (which Mr Griffin is mentioned in) the response that SpAds signed off and confirmed the statement on the Lanarkshire NTC with [Redacted] our capital projects advisor.
