### **Education Statistics**

A list of publicly funded schools, including address details, is available from the Schools Contact List at <https://www.gov.scot/publications/school-contact-details/>.

Details for Independent schools can be found on the Independent Schools in Scotland Register, <https://www.gov.scot/publications/independent-schools-in-scotland-register/>.

Information on university estates is available from the Higher Education Statistics Agency (HESA) <https://www.hesa.ac.uk/data-and-analysis/estates>.

Individual institutions may be the best source of information on college estates. A list of colleges in Scotland is available on the colleges Scotland website; <https://collegesscotland.ac.uk/our-members/colleges-in-scotland>.

Information on all registered childcare settings in Scotland is available from the Care Inspectorate datastore <https://www.careinspectorate.com/index.php/publications-statistics/93-public/datastore?limitstart=0>. It is worth noting, however, that not all early childcare settings will be in standalone buildings, and the datastore does not provide any information on whether the building it operates from is owned or leased.
