Dear [redacted],

Thank you for letting us know! Do let us know if that changes. Any news about potential Scottish engagement with BOGA more broadly?

Best, [redacted]

Dear [redacted]

Thank you for letting us know about the event. At the moment I don't think it is likely that a Scottish Minister will be able to participate, but I'll let you know if the situation changes.

Best wishes

Dear all,

Apologies for spamming you, but another quick follow-up to this one. Please find below more information about the BOGA side event at COP27 on 16 November, including a rough draft agenda, which is still being developed. We would of course love to have a high-level representative from Scotland speaking at the event. Even if you're not able to sign-up to the alliance at this point, that could send a strong signal of support for the BOGA agenda.

I look forward to hearing from you, and do let me know if you have any questions on the event or, of course, BOGA in general.

Have a very nice weekend!
Best, [redacted]

BOGA's Formal
UNFCCC Side Event
(Public and
livestreamed)

Title: 'Moving Beyond Oil and Gas Production'
Date: Wednesday 16 November
Time: 13:15 – 14:45 local (participants to arrive at 13:00)
Room: Memphis, Blue Zone

This Ministerial-level event will focus on the need to move beyond oil and gas production in line with the Paris Agreement and will feature Beyond Oil & Gas Alliance (BOGA) governments, and leaders from across the international community. Featuring speeches, panel discussions and Q&A, this event will provide an update on BOGA's progress since COP26 and explore how a managed phase-out of oil and gas production can ensure climate, energy, and economic security, and help deliver an orderly just transition. BOGA announcements and a group photo of all BOGA members and friends will be integrated throughout the event. The draft order of running is copied below:

- * Welcome
- * Panel 1 – scene-setting and achievements since COP26
- * BOGA announcements
- * Panel 2 – looking ahead and call to action ahead of COP28
- * Closing remarks and group photo

Dear all,

Hope this finds you all well. It was a pleasure talking to you a few weeks ago. I thought I'd follow up to see whether there's any developments on the BOGA front on your side, and whether there's anything more we can do to support from here?

Looking forward to hearing from you!

Thanks, [redacted]

Good afternoon [redacted],

I hope you enjoyed your visit to Scotland!

Looking at calendars our end it seems 11:30-12:30 on either Monday the 3 October or Tuesday the 4 October would be most suitable.

If either of those are suitable please let me know and I will issue a diary request and teams invite.

Kind regards,

[redacted]

Hi [redacted],

No problem at all. I'm back in Copenhagen from Wednesday onwards, though I'm travelling again Monday-Tuesday next week. My schedule is usually pretty flexible, so feel free to suggest a few times that works for you and I'm sure I can make one of them work.

Looking forward to speaking to you – and to visit your beautiful country.

Best regards,

Hi [redacted],

Sincere apologies for the delay in contacting you. Thanks for making contact. Unfortunately I don't think it will be possible to meet on the 20th September just due to the timeframe. Is it possible we could look to arrange something for the following week when you are back in Denmark?? If so, if you can share some dates / times then I can help coordinate at this end. It would be useful to understand more about BOGA since its launch last year, including its key activities to date.

I hope you enjoy your time in Edinburgh and also Dundee!

Look forward to speaking soon.

Dear [redacted] and [redacted],

I am [redacted], and I work at the Danish Climate Ministry. I am reaching out to you on the back of the recent visit of FM Sturgeon to Denmark. On this visit, Director Kersti Berge met with our Dept. Permanent Secretary Christian Stenberg, who brought up the Beyond Oil and Gas Alliance. We have been in contact with the Scottish government on BOGA previously, including through letters between FM Sturgeon and the Danish and Costa Rican climate ministers at the end of last year.

I would be very happy to explain the work of BOGA further and explore potential for collaboration and the prospects for Scottish membership. I don't know how much you know about BOGA already, but I'm attaching a leaflet with some background here, and there is also good and succinct information on our website:
<https://beyondoilandgasalliance.com/>.

It turns out that I'm actually planning a trip to Scotland next week to attend a conference on fossil fuel supply in Dundee. I will be travelling out of Edinburgh on Tuesday the 20th at 3 PM. Would you be available for a meeting on the morning/lunch of that day? If so, I'd be very happy to come by your offices.

Looking forward to hearing from you. Thank you!

Best regards,
